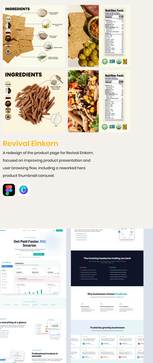
Shopify app product design

02

interface design

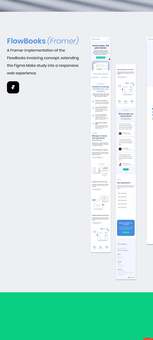


Revival Einkorn

A redesign of the product page for Revival Einkorn, focused on improving product presentation and user browsing flow, including a reworked hero product thumbnail carousel.

FlowBooks *(Figma Make)*

An invoicing interface design study utilizing Figma Make to explore AI-assisted workflows, rapid iteration, and responsive web experiences across an app and landing page.



FlowBooks *(Framer)*

A Framer implementation of the FlowBooks invoicing concept, extending the Figma Make study into a responsive web experience.
